

Since 1975, generous contributions have enabled the Permian Basin Petroleum Museum, Library and Hall of Fame to educate and inspire thousands of visitors annually. The Board of Trustees and Staff gratefully acknowledge the many individuals and organizations that continue to support the Museum through their membership contributions, program sponsorships, and generous donations. This generosity enables the Museum to continue...

... to share the petroleum and energy story and its impact on our lives.

Distinguished Lecture Series

In 2010, the Museum was honored to continue this lecture series honoring **Arlen Edgar**. With funding provided by the **Abell-Hanger Foundation**, lectures featured National Geographic Lecturer **Greg Marshall**, biologist, filmmaker and inventor of the Crittercam, and **Harrison Schmitt**, geologist, university professor, U.S. Senator. He was the 12th and last of the Apollo astronauts to arrive and set foot on the moon.

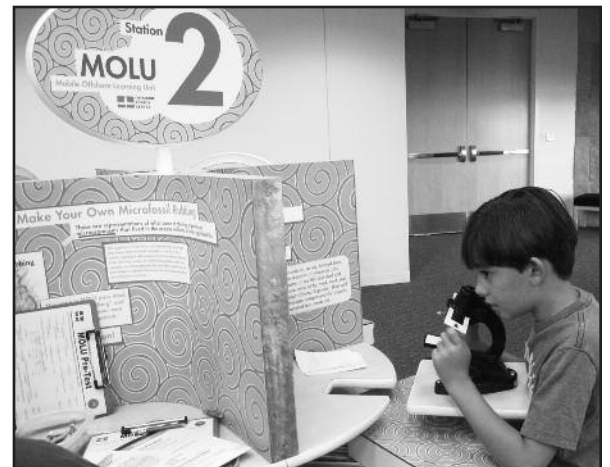

MOLU Offers Students Hands-On Learning

The **Mobile Offshore Learning Unit (MOLU)** came to the Museum in September. The \$1.2 million traveling exhibit from the **Offshore Energy Center** featured self-contained learning centers with curriculum-based, hands-on activities about energy, the technologies and sciences involved with the oil and gas industry. More than 600 fifth graders learned about the wonders from the earth and how these apply to their everyday lives.

Thank you to our sponsors **Exxon-Mobil** and the **Texas Alliance of Energy Foundation's Foundation for Energy Education** which enabled the Museum to host this exhibit.

Denim & Derricks 35th Birthday Bash

Supporters of the Museum dusted off their boots and headed to the Museum for our 35th birthday. Guests dined on Bar-B-Que and danced to the country music of CPR. From a ride on the bull, to a two-step around, it was another evening of fun and celebration.
